

Faith Christian College (FCC)

Catalog

A Note from the President:

I welcome you to Faith Christian College! Our mission is to increase knowledge of individual and corporate theology to improve the ability of Christians to be more effective ambassadors for God by growing in the word of God and teaching others as well. We don't teach religious doctrine; we leave that to your home church. We teach how to research and examine the scriptures and other resources to help build our churches and communities.

We believe teachers of God's word should be educated and anointed to establish teaching ability and apologetics. Two gifts of the Holy Spirit are the word of wisdom and the word of knowledge (1 Corinthians 12:8). They go hand in hand, enabling us to perform our calling in life with the spirit of excellence!

My personal goal is for all persons to have a chance at success in the life plan God has for them. I believe this can be achieved by understanding their own theology more thoroughly, so they will never doubt, waver, or give up. I promise to continue striving to make Faith Christian College an avenue to help people achieve that goal regardless of nationality, socioeconomic status, ethnicities, or culture.

Sincerely,

Zorion Rinaldi, 

Zorion Rinaldi, III M.Div.

Founder and President of Faith Christian College
